The main area shows the 'Products' section with a breadcrumb trail 'Home > Products'. Below this is the 'Edit Product' form. The 'General' tab is active, showing the product name 'HP LP3065 Editie noua' and a language selector set to 'English'. This flagship monitor features best-in-class performance and presentation features on a huge wide-aspect screen while letting you work as comfortably as possible - you might even forget you're at the office'.
